Managed Care

Blomquist Hale is your starting point into the mental health benefit and functions as the triage and assessment service of the network. Blomquist Hale EAP offers intensive services that result in issues being handled through the EAP. Utilizing the services through the EAP can save both time and money. In addition, there is no copay or deductible when services are handled in the EAP. When services are needed that require long term or specialized care beyond the scope of the EAP, our clinicians help ensure that you get referred in the right direction **and can refer you to a network provider** for your treatment needs.
