Congratulations on taking the first step toward a safer digital life.

To ensure that your identity, devices and privacy have the protection they need, please activate your membership.

Activate your membership in 3 easy steps.

**Step 1**
Verify your identity and create login credentials at norton.com/ebsetup.

**Step 2**
Activate your plan features on your dashboard.

**Step 3**
Download the Norton 360 and LifeLock Identity apps to receive alerts on-the-go.

Already a LifeLock member? After activation and logging in with your newly created credentials, your new plan will sync with your previous account.

Already a Norton member? Merge your accounts by clicking on “Sign in” rather than creating a new account.

Your Personalized Dashboard

Your dashboard will walk you through activating the key features of your membership and gives you a quick snapshot of your account. You’ll see important notifications that may need your attention at the top.

my.norton.com  |  800-607-9174
Get to know the protection you’re getting so you and your family can be safer in your digital lives.

Identity Theft Protection
Get alerts† for possible fraudulent use of your Social Security number, name, address and date of birth in applications for credit and services.

Device Security
Device protection against ransomware, viruses, spyware, malware, and other online threats. (PCs, Mac, smartphones, or tablets).

Online Privacy**
Norton Secure VPN protects your devices on vulnerable connections and helps keep online activity and browsing history private. Privacy Monitor scans common public people-search websites to help you opt-out.

Parental Control)**▽
Monitor your child’s online activity, set screen time limits, block unsuitable sites, and monitor search terms and activity history.

24/7 Live Member Support
For assistance including an identity-related question, call 800-607-9174. Agents specifically trained for Employee Benefit offerings are available Monday through Friday, from 9 a.m. to 7 p.m. EST.

Full-Service Identity Restoration
Dedicated U.S.-based Identity Restoration Agents available to resolve your identity theft issues.

Million Dollar Protection™ Package†††
Our Million Dollar Protection™ Package††† helps with compensation for qualified expenses up to $1 million to restore your identity.

Review and Manage Your Alerts On-the-Go
- Credit, Checking & Savings Account Activity Alerts**
- 401k & Investment Account Activity Alerts***
- Identity & Social Security Number Alerts**
- Bank & Credit Card Activity Alerts
- Unsafe website and compromised Wi-Fi network notifications

No one can prevent all cybercrime or identity theft.
† We do not monitor all transactions at all businesses.
** These features are not enabled upon enrollment. Member must take action to activate this protection.
▽ Norton Family and Norton Parental Control can only be installed and used on a child’s Windows PC, iOS and Android devices but not all features are available on all platforms. Parents can monitor and manage their child’s activities from any device – Windows PC, Mac, iOS and Android – via our mobile apps, or by signing into their account at my.Norton.com and selecting Parental Control via any browser.
1 - Monitored information varies based on plan. Feature defaults to monitor your email address only and begins immediately. Sign in to your account to enter more information for monitoring.
†† The LifeLock alert network includes a variety of product features and data sources. Although it is very extensive, our network does not cover all transactions at all businesses, so you might not receive a LifeLock alert in every single case.
††† Reimbursement and Expense Compensation, each with limits of up to $1 million for LifeLock with Norton Benefit Essential and LifeLock with Norton Benefit Premier. And up to $1 million for coverage for lawyers and experts if needed, for all plans. Benefits under the Master Policy are issued and covered by United Specialty Insurance Company (State National Insurance Company, Inc. for NY State members). Policy terms, conditions and exclusions at: NortonLifeLock.com/legal.

What if I already have Identity Protection?

What if I already have a Norton LifeLock account?

If you are an existing member, in most cases we will automatically transition your existing membership to the new Norton LifeLock Benefit Plan through your employer.

There are some circumstances that may require you to request termination of your current account before the new benefit membership can take effect, for example:

- Members enrolled in a Norton LifeLock retail plan with family members that they are not enrolling in the benefit offering. We do not auto-terminate members, leaving them without protection.
- Members enrolled through a third party partner and not billed directly by Norton LifeLock.
- Members enrolled through a different Norton LifeLock employee benefit plan, as the primary or dependent member.

In order for you to complete your transition, please call Norton LifeLock Member Services at 800-607-9174 close to your benefit effective date. Please mention to the representative that you would like to cancel your retail plan in order to enroll through your Employer's benefit program.

What if I already have identity protection through a different provider?

Not all identity theft protection plans are the same. Many provide basic credit monitoring and scores, but lack the ability to help with restoration. Years ago, that may have been enough but not with the sophisticated criminals we face today. If you are a victim of identity theft, having the ability to turn over the problems and have professionals work to fix on your behalf is truly important. In addition to full restoration services, Norton LifeLock adds extra layers of protection.

WE PROVIDE MUCH MORE.
Frequently Asked Questions

When can I expect my welcome email? You should receive your Welcome email close to your effective date, from no-reply@identity.norton.com. The subject line is, “Activate Your NortonLifeLock Benefit Plan.”

Who is the welcome email sent to? We will send the welcome email to the primary member, including your adult dependents' welcome emails. Please forward this along to any adult dependents so they can also set up their own online accounts. Minor dependents are simply reflected on the primary member's account.

What if I set up my account before my benefit effective date? Upon logging into my.norton.com, you will be prompted to provide a product key or payment information because your benefit plan is not effective yet. If you created login credentials prior to receiving the welcome email or went directly at Norton.com to create an account, please go to norton.com/ebsetup to establish your account correctly. When asked to “Create Account” you should instead select “Sign In” and use the email address and password you initially used when trying to set up your account. This will merge the account you started to create with your benefit plan.

What happens if I don’t get my welcome email? Check with your benefits team to make sure there isn’t an error you need to address (your retail plan is still active, there's something preventing us from verifying your enrollment details, etc). Once you confirm you are successfully enrolled, follow the steps to set up your account at norton.com/ebsetup.

What if I do not set up my account? Norton LifeLock will be monitoring your identity using the information from your enrollment (such as name, DOB, SSN) to notify you of accounts we detected being opened in your name or to let you know if we see your information on the dark web. However, to activate credit services, set up device security, add additional information for monitoring, or to update your contact preferences, you will need to set up the account.

If I have a retail plan direct with Norton LifeLock and I am moving to the new benefit plan, will I still get a welcome email? Yes, once your new benefit plan is active, you will still receive a welcome email and will need to follow the verification/activation steps.

If I had a retail plan prior to enrolling in the benefit, do I need to set everything up again in my new account? Upon account activation, most of your information from your old account will transfer over. However, you will need to reactivate credit services, and if you used transaction monitoring previously, you will need to relink your financial accounts. You will see all your archived alerts in your new dashboard.

What should I do if I think I have been a victim of identity theft? Please contact our member services team right away at 800-607-9174. Alternately, through the LifeLock Identity phone app, select ID Restoration and then ID Restoration Service to open a case.
